Around the World ...

... a Musical Journey

How this production came about?

Music helps us to unite and connect with each other. No matter our background, every culture has been enriched by music throughout human history. In fact, singing is one of the easiest and most accessible ways for us to participate in making music. We are the instrument, so we already have everything we need to get a musical show on to that stage.

We also know that we all like to travel so the idea was born to put together a musical show that would take the audience on an adventure, learn some quirky facts about the countries we will visit and make us all smile.

Finally we wanted to put on a show that our beloved SGF audience could be apart of. So on each table you will find the lyrics to some of the songs you will hear tonight. Please do join us and sing a long. Having a good sing is so uplifting that we hope you will skip off into the night smiling and humming.

And as we taxi to the runway for take-off, relax while your Captain plays **Yakko's World** from the Animaniacs.
